

## Entry Requirements

Individuals applying for **Advanced Emergency Medical Technician (NRAEMT)** certification must meet the following requirements:

- 18 years of age or older.
- Possess current National Certification at the EMT level or current state certification at the EMT level or higher.
- Successful completion of a state-approved Advanced Emergency Medical Technician course that meets or exceeds the U.S. Department of Transportation National EMS Education Standards for the Advanced Emergency Medical Technician. You must have completed the course within the past two years. Your Program Director must verify your successful completion of the course on the NREMT web site.

If your initial Advanced Emergency Medical Technician educational program was completed more than two years ago and you have maintained state licensure at the AEMT level, you must submit documentation verifying completion of an AEMT refresher training program (or continuing education covering the mandatory and flexible core content topics specified) within the past two years. If your initial AEMT education program was completed more than two years ago and you never gained state licensure at the AEMT level, you must complete an entire state-approved Advanced Emergency Medical Technician course prior to applying for certification.

- Verification from the Program Director that you hold a current CPR credential for health care providers and have demonstrated competence in Advanced Emergency Medical Technician skills.

## Application Process

- Create a login on this website.
- [Complete a National Registry online application](#), including truthfully completing the Licensing Action and Felony statements. [click here for more information on the NREMT](#)

Felony Policy. The NREMT may deny certification or take other appropriate actions in regards to applicants for certification or recertification when a felony conviction has occurred.

- Pay the application fee of \$100.00 (US funds). The application fee is non-transferable and non-refundable. This fee is charged for each attempt of the cognitive (knowledge) examination.
- You will receive an Authorization to Test (ATT) once you are eligible for the exam. The ATT letter contains scheduling instructions and important details concerning proper identification required at testing centers.

## **Certification Process**

National Advanced Emergency Medical Technician certification requires successful completion of both a cognitive (knowledge) and psychomotor (skills) exam. Passed portions of the exam (both cognitive and psychomotor) remain valid for a twelve (12) month period.

## **Expiration Date**

Initial expiration dates are determined by the date of successful completion of the entire certification process. Individuals successfully completing the certification process between the dates of January 1 - June 30 will receive an initial expiration date of March 31 two years in the future. Individuals successfully completing the certification process between July 1 and December 31 will receive an initial expiration date of March 31 three years in the future. **Every cycle thereafter will be for the full 2 year period commencing on April 1 and expiring March 31.**

For example:

successful completion of February 14, 2012, certification expiration=March 31, 2014

successful completion of July 7, 2012, certification expiration=March 31, 2015
