Introduction

In compliance with the Federal Campus Crime Awareness and Campus Security Act of 1999 (Clery Act), Blue Mountain Community College (BMCC/the College) is pleased to present this report on crime awareness and campus public safety. The report is available by October 1 for the prior calendar year and a copy may be obtained from our website (<http://www.bluecc.edu/support-services/safety>) and other locations on the Pendleton campus and each of our centers. This report, along with our College website, provides statistical information that includes reported crimes for the previous three years, as well as information on the role of the Facilities Department, Safety Committee, Incident Command Team, and Behavioral Intervention Team in ensuring the main campus and all centers of the College District are safe, secure, and foster an environment conducive to the pursuit of higher education. The Annual Security Report is prepared yearly by the Safety Officer, in cooperation with other individuals and departments that can contribute pertinent information. Staff preparing this report follow the guidelines established in the Department of Education's Handbook for Campus Safety and Security Reporting, as published each year. Data is provided through the College incident reporting system (MAXIENT), and local fire and law enforcement agencies. An audit process will be conducted each year to ensure data is reported accurately and in compliance with federal law.

Our Facilities and Locations

BMCC is comprised of one campus in Pendleton and four centers located in Baker City, Milton-Freewater, Boardman, and Hermiston. A second building, Precision Irrigated Agriculture Facility (PIAF) is also located in Hermiston. In addition to the College, the campus community includes Eastern Oregon University in Pendleton and Hermiston, and Oregon State University Extension in Pendleton, which rent space in buildings on our campus and center. Every effort has been made to include these partners in our emergency and safety planning. Fire and safety drills are coordinated with all internal departments as well as with any tenant agencies.

The College includes no on-campus housing or College-owned, operated, or maintained off-campus housing. Classes are conducted primarily on our Pendleton campus and Centers. Occasionally, classes are conducted off-site at pre-determined locations throughout the District. The College District is defined as Umatilla, Morrow, and Baker counties. To serve our wider community, classes are very occasionally conducted outside of the College's official District. These areas may include Grant, Wallowa and Union counties in Oregon. The College operates Centers Out of District (CODs) in Grant and Union counties. Emergency services to any off-site location will be provided by the closest local authorities.

The Pendleton campus of Blue Mountain Community College is located at 2411 NW Carden Ave., Pendleton, Oregon, on a scenic 140-acre hilltop site that includes a 100-acre farm. The campus overlooks Pendleton, a city of 16,800 residents, located 210 miles east of Portland and nearly equal distance from Spokane, Washington, and Boise, Idaho. This campus includes eight buildings that are maintained by the College for instructional and staff purposes, sheds and storage areas. There are also 12 paved parking lots and 2 paved parking areas. The Pendleton campus also includes 1 baseball and 1 softball field on-site. The College baseball field is located south of the main Campus on property owned by the City of Pendleton.

Located 30 miles west of the Pendleton campus, the Hermiston Center (980 SE Columbia Drive) serves the western region of the College District and has two buildings and two paved parking lots. The Precision

Irrigated Agriculture Facility, located in Hermiston (2121 S. 1st Street), and has one building and one paved parking lot. The Milton-Freewater Center is located five miles south of the Oregon-Washington state line on State Highway 11 (311 N. Columbia). This center occupies one building and one paved parking lot. The Baker County Center, at 3275 Baker Street in Baker City, is located 96 miles east of Pendleton and also has one building and one parking lot. The Workforce Training Center in Boardman (251 Olson Road) is located 45 miles west of Pendleton and also has one building and one parking lot.

Staff Teams

Although each staff and faculty member receives training and guidance on emergency procedures, the departments, committees, and teams that most directly engage with the safety and security aspects of the College are the Safety Officer, the Safety Committee, the Behavioral Intervention Team, and the Emergency Response and Crisis Management team.

The Vice President of Administrative Services also serves as the Safety Officer at this time and reports directly to the President

The Safety Committee is made up of volunteer individuals who each represent different College departments and locations. The Committee reviews incident reports regarding injuries, accidents, and theft, conducts safety reviews, and discuss safety concerns at monthly meetings. Astudent presence has been asked for at these meetings, but is difficult to maintain.

The Behavioral Intervention Team (BIT) exists to serve as a proactive resource both internally and externally designed to address individuals of concern threats, and/or incidents. The team is designed to be a centralized, coordinated, caring, development intervention, and prevention mechanism. The BIT team is primarily responsible to facilitate threat awareness, assessment, prevention, reporting, and response training for all staff, faculty, and students. The team develops, distributes, and maintains campus safety information, materials, and tools for college wide use. The BIT team is comprised of designated staff which includes the Title IX Coordinator, Health and Wellness Resource Center representatives, and those designated as Student Conduct Officer.

The Emergency Response and Crisis Management (ERCM) team is a group including most of the administrators and directors of the College, along with certain key individuals. In the event of a manmade or natural disaster, or other emergency event, the ERCM team is trained to respond to help coordinate the lockdown, lockout, evacuation, and sheltering of staff, faculty, students, tenant agency personnel, and the public on our campus and centers until local authorities can respond. After authorities respond, the ERCM team is trained to coordinate with those authorities to ensure safety and security of all personnel.

Interaction with Law Enforcement

The Safety Officer enjoys a professional and productive relationship with local law enforcement. Law enforcement services at each of our locations is provided by the city or county in which the building resides. All departments are full-service municipal law enforcement agencies that provide routine patrol in and around the College locations, and have a typical response time to the main campus and centers of 3-5 minutes. The department also cooperates with county, state and federal law enforcement agencies in the investigation of crimes and response to incidents that fall within their jurisdiction. All incidents requiring law enforcement response or investigation are referred to the

appropriate agency by the Safety Officer, or any staff or faculty member who witnesses an incident.

To enhance cooperative efforts and response to incidents on campus, a representative of the Pendleton Police Department is a member of the BIT team and all local police departments are included in the planning and execution of annual staff training.

All departments participate in a variety of College community activities to promote the prevention of crime as well as safety and security principles. Annual trainings are held, the College hosted a regional Safety Summit in January 2016. The College has also offered self-defense training with the Pendleton Police Department for interested employees.

The Vice President of Administrative Services also acts in an advisory capacity to the College by reviewing new construction and other campus building projects to help ensure they meet expected safety and security requirements. Staff are available to conduct safety inspections as well as conduct crime preventive and personal safety presentations to individual departments. The College conducts annual emergency trainings. Trainings to date have included lockdown, fire evacuation, chemical explosion, and tabletop active shooter. All training is conducted in coordination with local police and fire departments. The Safety Officer maintains a record of all trainings. This record includes the time and date of the training. Per the advice of our insurance carrier, all drills are announced. According to Administrative Procedure 01-2006-0017, Safety Program, the Safety Officer will be responsible for writing and implementing a safety program. The written program shall include reporting procedures and in-service safety training programs. Section VI: Training and Mock Disasters of the Emergency Response and Crisis Management Plan recommends that the college plan and execute a minimum of one mock disaster each calendar year. The Title IX Coordinators have received training offered on performing investigations by the Oregon Department of Education and the Sexual Assault Task Force. The College also hosts sexual assault and domestic violence awareness month lectures and events on campus each April. Annual training occurs each fall for all employees on sexual assault/harassment and reporting requirements. This training is administered through SafeColleges and completion of the training is documented within the system.

Crime Statistics

Data for the last 3 academic years is available on the BMCC website at <http://www.bluecc.edu/support-services/safety/annual-security-reports>. This data is gathered from local law/fire enforcement and MAXIENT. The report for each campus and center is separate and includes adjacent public property. Data for the 2015, 2016, and 2017 calendar years is included in the tables below.

Emergency Notification System, Timely Warnings & Response

Emergency Notification System

BMCC activates its Emergency Notification System (ENS) to notify the College community upon confirmation of a significant emergency or dangerous situation that involves an immediate threat to the health or safety of students or employees. Examples of significant emergencies or dangerous situations include outbreak of serious illness, approaching extreme weather conditions, earthquake, gas leak, terrorist incident, armed intruder, bomb threat, civil unrest or rioting, explosion, nearby chemical spill, or fire.

Notification of the College community will be authorized by the Vice President of Public Relations in consultation with the Vice President of Administrative Services and the College President. In their absence, the following have the authority to access and initiate the ENS, in consultation with a ranking college officer:

- Director of Marketing
- Director of Facilities
- Director of Human Resources
- Vice President of Instruction
- Vice President of Student Affairs
- Dean of CTE & Community Education

For less serious incidents that pose no immediate threat, the President, any Vice President, or their designee may authorize activation of the ENS and will dictate the contents of the message and to whom the message will be sent.

Standard notification procedures will be issued without delay, but may be altered if emergency response authorities determine it would compromise efforts to assist a victim or compromise efforts to contain, respond to, or otherwise mitigate the emergency.

The ENS consists of text messages, email, voice messages, social media posts, and/or website post simultaneously sent to students and employees. Contact data is taken directly from contact information provided by employees and students in the Administrative Information System (AIS). It is imperative students and employees update their contact information on a regular basis should there be any changes.

A separate component of the ENS consists of a notification through a message that overrides all or select computer screens on the College network.

A test of the ENS text messaging system and desktop alert system is conducted annually.

Timely Warnings

The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and its implementing regulations require colleges to disclose information about crime on and around their campuses. Reports of Clery crimes received by College authorities or local police agencies that occur within the College geography, and are considered to represent a serious or continuing threat to students and employees, constitute the issuance of a Timely Warning. The purpose of the Timely Warning is to enable people to protect themselves and their property. The warning will be issued as soon as pertinent information is available. Warnings may also be issued for crimes that occur outside the College geography that may pose

a threat to the College community. The decision on whether a warning will be issued will be determined on a case-by-case basis. The College President, Vice President of Public Relations, and Vice President of Administrative Services or their designees will make the determination as to whether a warning will be issued, which segment(s) of the College community will receive the warning, the content of the warning, and the method of the warning.

Dissemination of Information to Individuals Outside the College Community

Information released to the media and via social media is coordinated by the Vice President of Public Relations. Pertinent information is shared outside the College community utilizing BMCC social media pages, contact with local media, and postings on the BMCC website. The Vice President of Administrative Services coordinates dissemination of pertinent information to local law enforcement and emergency response agencies through the Umatilla County Dispatch Center.

Reporting Crimes or Other Emergencies

Students, staff and visitors are encouraged to report all crimes and occurrences to police and staff, if applicable, in an accurate and prompt manner. If a student, staff member, or visitor reports a crime or occurrence of a serious nature, law enforcement or emergency services will be contacted by the staff member to whom the event was reported. The BIT team, ERCM team, and Safety Committee may also be notified and asked to assess, comment upon, or draft policy changes in response to the event.

All students, staff, and visitors may report incidents of crime using MAXIENT or by notifying any staff member. If necessary, law enforcement or emergency services will be notified. For after-hours concerns, students should notify law enforcement for emergency concerns. All non-emergency situations should be reported via MAXIENT.

Certain crime statistics, as required by the Federal Campus Crime Awareness and Campus Security Act of 1999 (Clery Act), are reported to the United States Department of Education each October 1 and are made available to all students, staff, faculty and visitors through our website and printed materials such as this report. ALL crimes and accidents are to be reported by submitting an accident/incident report by the victim and any witnesses, including staff members to whom the event was reported. Emergencies should first be reported by calling 9-1-1 to alert emergency responders.

The College is authorized for response and investigation of incidents by authority granted by the Board of Education. The Safety Officer and other safety-trained staff actively engage and collaborate with emergency service partners from the local communities of our locations in the response, investigation and mitigation of crimes and serious incidents throughout the College District. Additional incident-specific response protocols are addressed throughout this report and may also be found in, but not limited to, the following locations:

- BMCC Emergency Response and Crisis Plan
- BMCC's Safety webpage

Please keep in mind that some incidents reported cannot remain confidential due to Clery Act federal mandates. Victims of crimes are offered, and encouraged, to contact the local police department in addition to their report to College authorities. College authorities will report to local law enforcement all mandatory reporting incidents (juvenile victims of abuse or assault) or incidents where determination has been made that notification of local law enforcement is necessary to maintain the safety, security, and conditions favorable to an educational setting. Additional information on anonymous or confidential reporting of sexual violence, misconduct or harassment may be found in the "Sexual Assault Prevention and Response", sections of this report. As provided under law, anonymous reports of incidents, when applicable, will be included in the statistical data reported in the Annual Security Report (this document).

Security and Access

Campus buildings contain both public areas, open to public access during open hours, restricted areas, only open to staff and faculty during open or closed hours, and secure areas, only open to facilities staff, College Leadership (President and Executive Leadership Team), or those personnel deemed to have a need to access that area. For example, the Business Services offices are secure

areas accessible only by facilities, College Leadership, the AVP of Business and Finance Operations and staff in this Department. Faculty are given access to rooms in the buildings in which they teach. Access, depending on the building, is either by coded key card or key. Law enforcement is supplied with master keys and card keys to aid in access during an emergency.

In the event of a lockdown or lockout event, active shooter situation, or other on-campus emergency that warrants such action, all faculty and staff are trained to secure their offices and classrooms by locking interior doors. Main doors are locked by facilities.

Campus Law Enforcement

None of BMCC's locations have on-campus law enforcement or safety patrol officers. The Safety Officer will be called in the event of an on-campus or center emergency. The Safety Officer takes referrals either on an immediate and emergency basis, to assist while police are on the way, or for general concerns that can be addressed in a non-emergent setting. Local law enforcement, fire, EMT/paramedic/rescue, or other agencies are called immediately in the event of any emergency on campus or at a center. Response time is typically 3-5 minutes. Drills with local law enforcement, fire and rescue have been conducted on a regular basis, as are campus safety and fire drills, in accordance with the College's safety plan and all applicable local, state, and federal ordinances.

In 2017, partly in response to events at Umpqua Community College and other campuses around the nation, BMCC redoubled its effort to have clear guidelines for on-campus incidents that might involve a natural or man-made disaster, active shooter, or other crisis. During the fall 2017 all employee pre-service event, a tabletop active shooter drill was held. A representative of the Pendleton Police Department, who provided information and answered questions as necessary, was in attendance at this training.

Accurate and Prompt Reporting

BMCC encourages all students, staff, faculty, and community members using our campus or centers to report any and all crimes witnessed or experienced on our campus or centers. A list of specific crimes that are Clery Act-reportable is given above in the section titled "Reporting Crimes and Other Emergencies." However, any crime, whether it is Clery Act-reportable or not, will be addressed. A breakdown of incident and accident reporting procedures follows:

- Emergency Crime or Incident/Accident-911 and or emergency response called, Safety Officer called as necessary and appropriate. Incident/Accident reporting through MAXIENT is required for any staff or faculty involved. If the emergency is the result of a crime that is Clery Act reportable, it will be reported and included in the crime statistics for the appropriate calendar year. Students will be notified in accordance with applicable policies.
- Non-Emergency, Clery Act Reportable-Appropriate health, safety, law, or fire personnel will be contacted, and the Safety Officer will be notified. Incident/Accident reporting through MAXIENT is required for any staff or faculty involved. It will be reported and included in the crime statistics for the appropriate calendar year. Students will be notified in accordance with applicable policies.
- Non-Emergency, Non-Clery Act Reportable-Appropriate health, safety, law, or fire personnel will be contacted, and the Safety Officer will be notified. Incident/Accident reporting through MAXIENT is required for any *staff* or faculty involved. It will not be reported or included in

the crime statistics for the appropriate calendar year. Students may or may not be notified in accordance with applicable policies, dependent upon the nature of the crime, incident, or accident, and whether or not the President or designee(s) determine a need-to-know exists for students to maintain safety and security.

- Any crime, incident, or accident that causes an incident/accident report to be filed will be reviewed (names and personally identifiable information redacted) by the Safety Committee, and may be reviewed by BIT (names and personally identifiable information may or may not be redacted) as necessary.

Voluntary Confidential Reporting Procedures

Students are encouraged to view all BMCC employees as safe individuals to whom they can ask for help in addressing criminal or abusive situations in which they may be a victim. In accordance with Oregon mandatory reporting laws (ORS 4198.005), all college staff and faculty are mandatory reporters and will report crimes or incidents that meet the threshold of the mandatory reporting requirements, but all available efforts will be made to protect the student's confidentiality under the Federal Education Rights and Privacy Act of 1974 (FERPA, Buckley Amendment), and the student's wish to remain anonymous and/or protected from their abuser(s). Crimes or incidents that do not meet the threshold of mandatory reporting requirements will be held in confidence, if requested by the student, unless the staff or faculty member perceives an imminent harm to the student, self, or another person.

Crime statistics reported as a part of the Clery Act are "blind statistics," meaning only the number and nature of the crime is reported, not the names of involved parties.

Programs and Education

Every BMCC student must complete the online New Student Orientation. In this, students are informed about Title IV, VaWA, SaveAct, and encouraged to be familiar with their rights and responsibilities as described in the BMCC Student Handbook. They are also encouraged to read through the Emergency Response Manual for the campus or center at which they attend classes, and to view the tips on personal safety and security on the BMCC website. Staff and faculty are required to be familiar with the Emergency Response Manual for the campus or center at which they teach or work.

Awareness posters are distributed in all BMCC buildings on a quarterly basis. These posters include "See Something, Say Something", "Sexual Assault is a Crime", and information on sexual assault and how to report is posted at all times in all restrooms. Business size take away cards are included with the restroom informational poster and are available in both English and Spanish

All new students participating in Welcome to the Pack in the fall are provided with a pamphlet that includes the following examples of safe and positive options for bystander intervention that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking (this information is also available on the website):

- Never put yourself in a dangerous situation. Do not try to mediate.
- Call 911 or the BMCC Health & Wellness Resource Center if you witness an assault on College property.
- Encourage friends to report abuse. Be supportive, don't judge

- Be aware, speak-up and get involved.
- Watch out for your friends.
- If you see someone in trouble, ask if they are OK.
- If you see a friend doing something wrong, speak out.
- Do not laugh at offensive or disrespectful jokes.

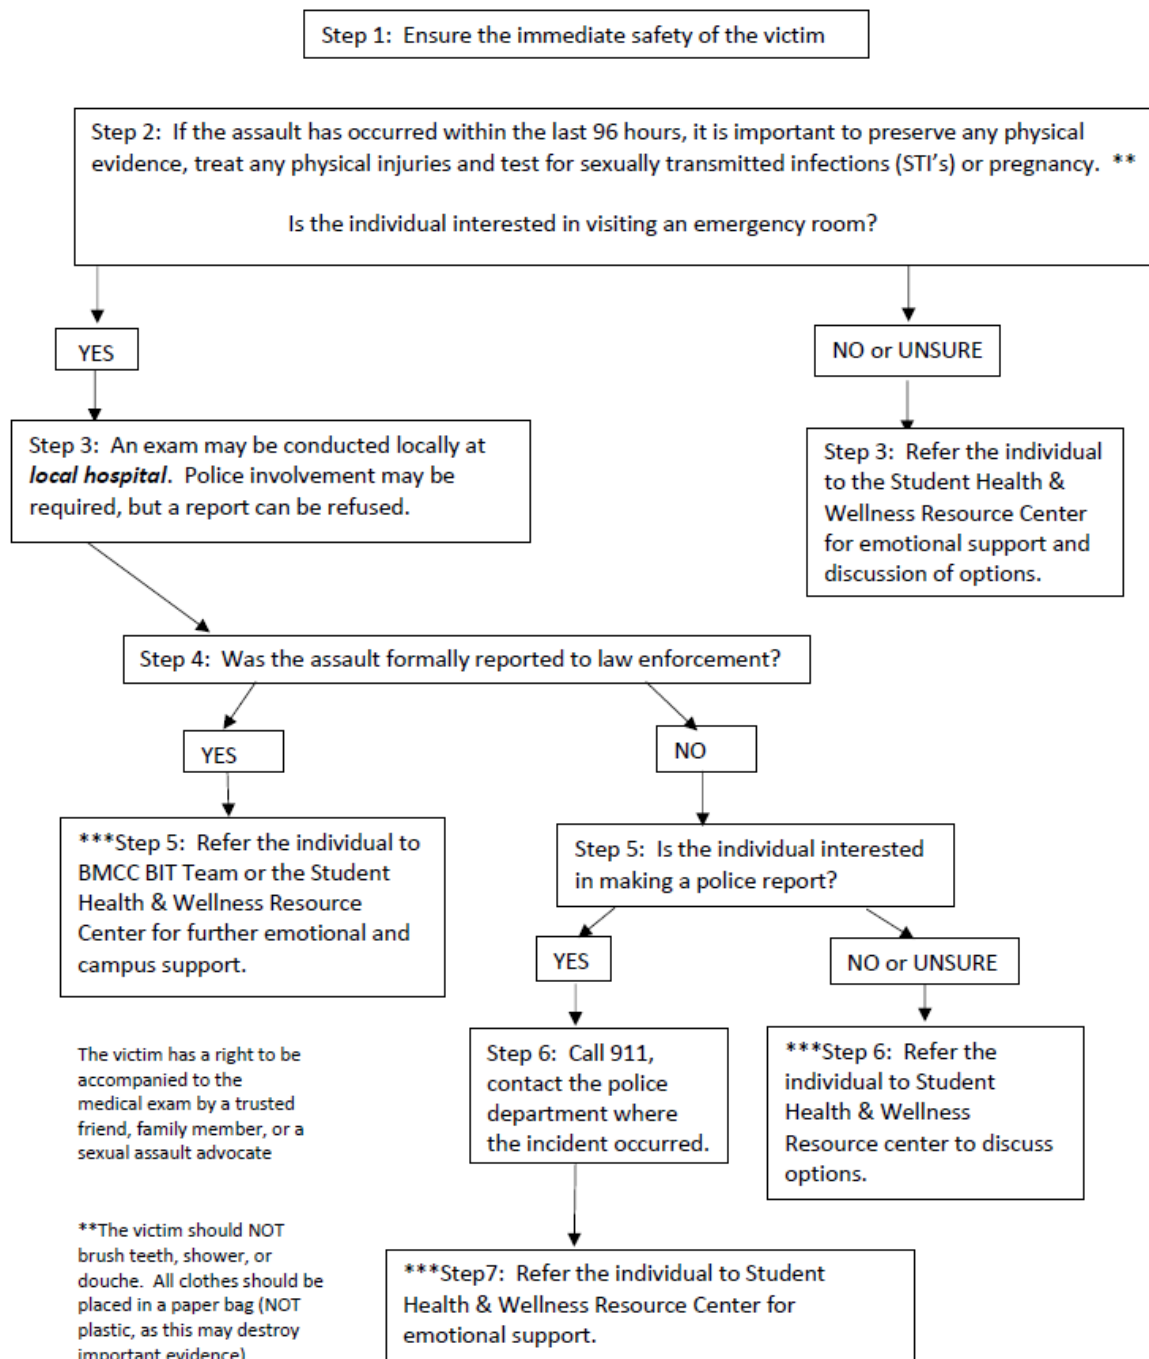

The pamphlet also provides the definitions for sexual assault, domestic violence, dating violence, stalking and consent.

The pamphlet also provides information on risk reduction:

- Avoid traveling alone at night
- Use the “buddy system”
- Report all suspicious persons, vehicles and activities to the BMCC Safety Officer or any BMCC employee
- If you are on an elevator with someone who makes you feel uneasy, get off.
- Trust your instincts. If you think something is not quite right, go where there are other people.
- Always watch your drink, do not accept beverages from someone you do not know or trust.
- Leave social events with friends, not with someone you just met.
- Look inside your car before you get in.
- Do not hitchhike or pick-up hitchhikers.
- Be aware of your surroundings. Don’t walk and text.
- All staff are provided with an information pamphlet on how to make a referral and how to respond to someone who has been sexually assaulted. This includes the following:
 - Don’t panic. Remain calm and concerned
 - Respect the language the student uses to identify what’s happened.
 - Understand that individuals from different cultural backgrounds may express or experience their reactions to an assault in different ways.
 - Believe and support the student
 - Remind the student that they are not at fault
 - Allow the student to make his/her own decisions.

Definitions

Sexual Assault: Sexual assault is any sexual contact made without consent. Consent is a clear yes, not an absence of no. All physical contact requires clear verbal consent, even a seemingly innocent hug or kiss.

Domestic Violence: Includes asserted violence misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.

Dating Violence: Means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such a relationship will be gauged by its length, type, and frequency of interaction.

Stalking: Means a course of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or others' safety, or to suffer substantial emotional distress.

Consent: A knowing, voluntary, and clear mutual agreement to engage in sexual activity. Consent must be freely and actively given, and communicated by clearly and mutually understandable words or actions to participate in each form of sexual activity. Consent may be withdrawn at any time. Consent to some sexual contact cannot be presumed to be consent for other sexual activity including previous consent or the existence of a current or previous relationship. Silence or the absence of resistance is not the same as consent.

Reporting & Response to Victims of Sexual Assault/Sexual Violence, Dating Violence, Domestic Violence & Stalking

- **Steps a Victim/Survivor May Take Immediately:**

- **Get to a safe place as soon as possible.** Your safety is most important.
- **Seek Medical Attention.** After an incident of sexual assault, dating violence, domestic violence, or stalking the victim/survivor should consider seeking medical attention as soon as possible, even if there are no obvious signs of physical injury. You may wish to consult with medical personnel quickly regarding: prevention of sexual transmitted infections, pregnancy; evidence collection, and toxicology testing if there are signs that drugs or alcohol may have facilitated the assault. Individuals of any gender can be victim/survivor of sexual assault, dating violence, domestic violence and stalking. We encourage victim/survivor to go to the emergency room. In Oregon, evidence may be collected even if you chose not to make a report to law enforcement.
- **Preserve Evidence.** Best practices are to preserve evidence include seeking medical attention shortly after the event.
 - Do not shower, drink, eat, douche, or change your cloths prior to the exam. Do not bathe, wash your hands, brush your teeth, drink, eat, or even use the restroom – all these things can destroy evidence that may be helpful in a criminal investigation; however, if you have done any of these things since the attack, evidence can still be collected.
 - Avoid changing your clothes. It is recommended that you bring an extra set of clothes with you to the hospital.
 - Do not clean or remove anything from the location where the attack occurred.
 - You may consider preserving other relevant information such as communications from the perpetrator in the case of stalking such as social media posts, emails, text or other materials.
- As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim/survivor chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with law enforcement to preserve evidence in the event that the victim/survivor decides to report the incident or law enforcement or the College at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order. If you wish to press charges or seek a protective order, it is important to preserve and record evidence, including recording a description of the perpetrator (including type of clothing, race, age, height, weight, hair color, eye color, distinguishing marks, etc.), details of events, where events occurred, and the direction of travel of any vehicle involved. Best practices are to preserve evidence with respect to sexual offenses include seeking medical attention shortly after the event.

Admission to Blue Mountain Community College and participation in all college sponsored activities and curriculum carries with it the presumption that students will conduct themselves as responsible members of the BMCC community. The term "student" includes all persons taking courses offered by the college, both full-time and part-time, pursuing credit or non-credit classes or enrolled in any special program approved by the college. Persons who are not officially enrolled for a particular term, but who have continuing relationship with the college, may be considered "students." It is the responsibility of the student to observe campus rules and regulations and to help maintain appropriate conditions in the classroom, on the campus and in the community. A student's registration obligates him/her to comply with the policies and regulations of the College. Blue Mountain Community College is granted the right by law and approved by the Board of Education to adopt such rules as are deemed necessary to assure the college is a safe and supportive environment for all. Student Rights, Responsibilities, and Conduct may be accessed through the online Academic Catalog or Student Handbook.

The Student Rights, Responsibilities, and Conduct document applies to all immediate and surrounding areas deemed as BMCC property and jurisdiction.

In accordance with BMCC Student Rights, Responsibilities, and Conduct, disciplinary action against those found responsible for violation of BMCC policy is as follows:

The chief administrator responsible for student rights, freedoms, responsibilities, and due process is the Vice President of Student Affairs. Blue Mountain Community College or any other partnering institution by way of consortium agreement or official Memorandum of Understanding will be accountable to conduct standards for each institution. By agreement each may intervene in cases of misconduct, particularly in issues involving health and safety. Students will be given opportunity for due process. Students found in violation of conduct codes may receive sanctions from each institution. Blue Mountain Community College and its partners reserve the option to decide that only one institution will process a case of misconduct. Like other members of the academic community,

the student is expected to conduct himself/ herself in accordance with standards of the College that are designed to perpetuate its educational purposes. A charge of misconduct may be made against a student for violating provisions of published College regulations and policies.

The Vice President of Student Affairs will confer with the student and provide the student with an opportunity to explain behavior. The Vice President of Student Affairs may exclude the student when a student's health, behavior, or other actions represent a serious and immediate threat to the ongoing educational activities of the College or the health and safety of any individual.
6. **Referral to Outside Authorities.** In the case where a student is in violation of federal and state laws on College property, or College sponsored related activities, the College may refer the student to local law enforcement agencies for prosecution.

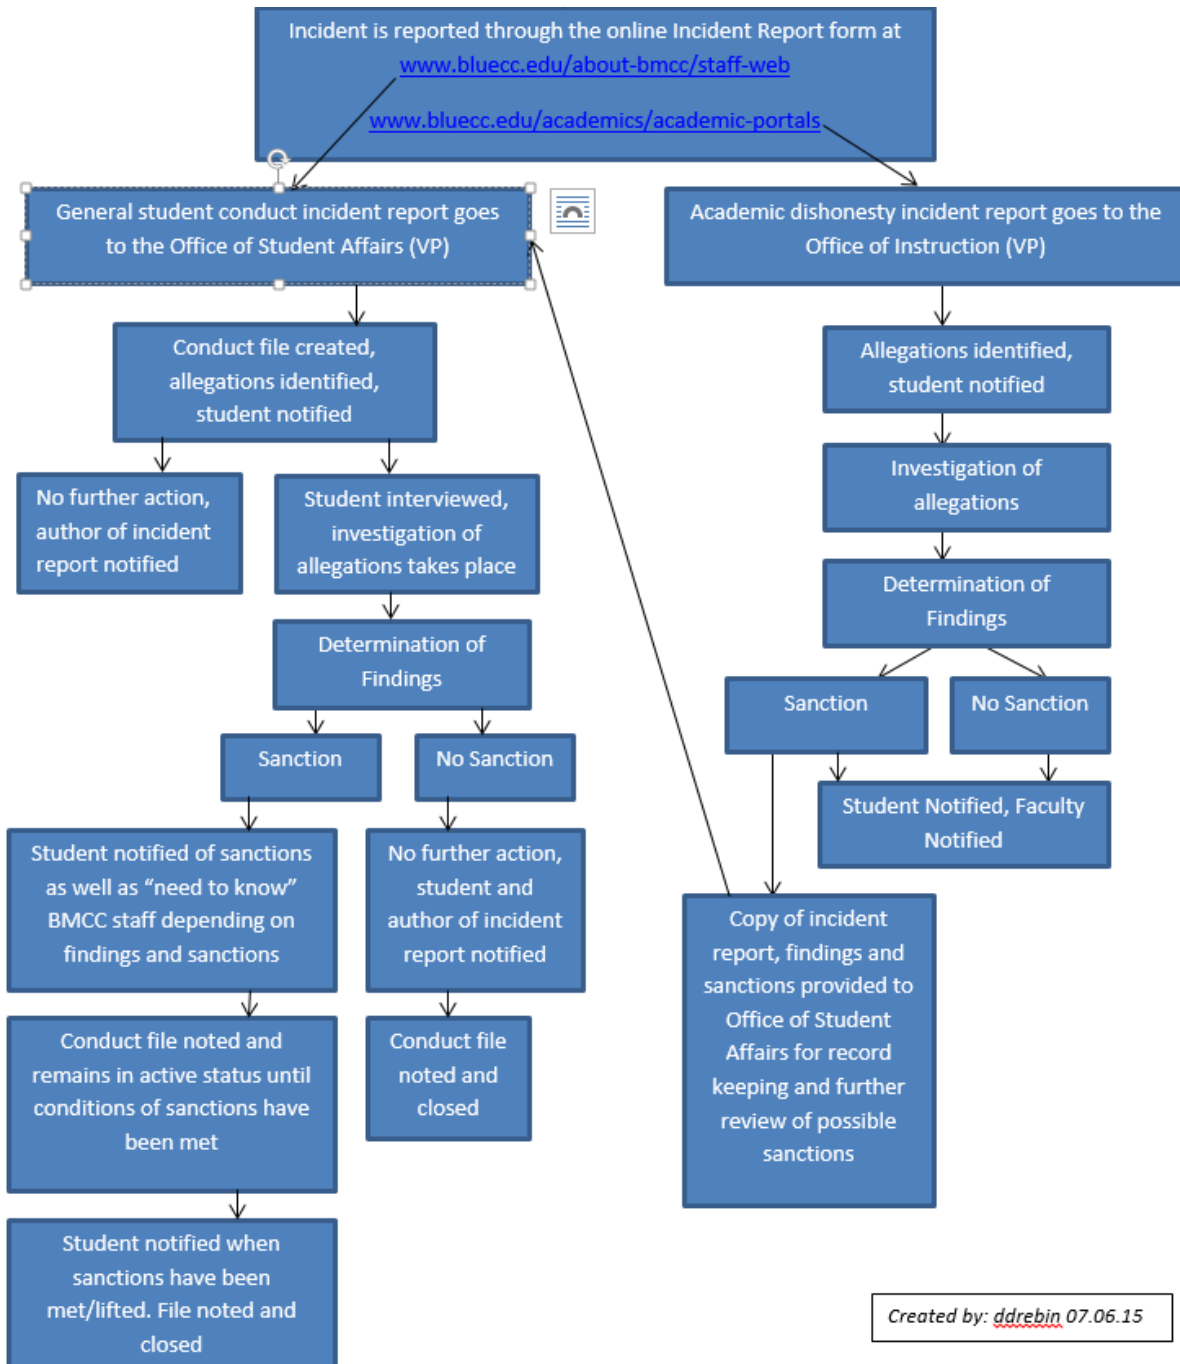

Procedure:

At an initial conference with the Vice President of Student Affairs or designee, the student will be informed in writing of the charges and the penalty which might result from consideration of the disciplinary matter. Failure of the student to attend the conference without good cause and prior notification or a verifiable emergency may constitute a waiver of the student's right to participate and appeal further. The student must submit all supporting evidence within seven (7) calendar days of the initial conference. After considering the evidence in the case and interviewing persons as appropriate, the Vice President of Student Affairs may take one of the following actions:

- a. Terminate the proceedings, exonerating the student;
- b. Dismiss the case after appropriate counseling and advice;
- c. Impose an appropriate sanction as described.

The student will be notified in writing of the decision of the Vice President of Student Affairs or designee. The student may appeal the decision by filing a written appeal with the Vice President of Student Affairs (or designee) within seven (7) calendar days of the decision. The Vice President of Student Affairs (or designee) shall render a decision on the appeal within seven (7) calendar days of its filing. The decision of the Vice President of Student Affairs (or designee) shall be final and not subject to further appeal. In cases where expulsion is the recommended outcome, the College President will make the final decision and no further appeals will be allowed.

The Title IX Coordinator will conduct a prompt, adequate, reliable and impartial investigation of complaints, except in cases where a complainant has requested that the investigation not proceed and the Title IX Coordinator has agreed. During the investigation phase, both the complainant and respondent will have the opportunity to give a statement, present witnesses and provide evidence.

The Title IX Coordinator and, in the case of complaints involving student respondents, the Title IX Coordinator will use the following guiding principles to investigate and resolve each report of a violation as follows:
