

How do I access Canvas from my mobile device?

You can access Canvas through the Canvas app on a number of mobile devices. Instructure offers a free mobile app for both iOS and Android at their Apple or Google store. You will need to use the search feature at the store to enter “**bluecc.instructure.com**” to find the Blue Mountain Community College account.

When opening the app for the first time you will be prompted asking for your school or institution.

- Enter “bluecc.instructure.com” for courses at bluecc.instructure.com

For both options you will need to log using the following:

- Your Canvas username is your full BMCC student email address, e.g., **jstudent3456@my.bluecc.edu**
- Your Canvas password is your student ID with no spaces or hyphens followed by a B, e.g., **1234567B**

Students that cannot login can email bkauss@bluecc.edu for assistance.
